Hey

The conversation was enlightening. It was a great opportunity and pleasure to interact with Prof. Dipankar Chatterji, esteemed Indian Bio-scientist. A much appreciated effort by the team.

Gigs

- Top as shown here, one heading and one line.
- No filter, only search
- Card should contain Verified tag as shown in 1st
- In addition to name and some text, at bottom should contain services tags as shown at bottom
- And I think same card size will be good rather variable
- ROW of 3 cards

Gigs card Inside

- Header height can be small and of same size as notes series
 - Everything same as picture
 - Send email in collaborate and enquiry to that gig
-
- Use information of Sivarsa

The screenshot displays the profile of Aris Vizion Systems on the O-CORP platform. The header features a molecular structure background and navigation links: Partnerships, Directory, Portfolio, and a Follow button. The profile card includes a bio icon, the company name 'Aris Vizion Systems', a tagline 'Next-generation molecular modeling & structural biology visuals.', and a 'Collaborate' button. Below this, the 'Our Story' section describes the company's founding in 2014 and its focus on scientific visualization. Statistics show 450+ projects, 12 countries, and 82 journals. The 'Expertise' section lists services like Protein Folding Dynamics and Cryo-EM Data Visualization. The 'Partnerships' section mentions Nature Publishing, MIT Research, BioGenix, and CERN Visuals. A 'Direct Inquiry' form is available on the right, with a 'Send Inquiry' button and response time information. At the bottom, a testimonial from Dr. Julian Aris is featured. The footer contains links to O-Science Corporate, Directory, Enterprise, and Support, along with a copyright notice for 2024.

Start-up Page

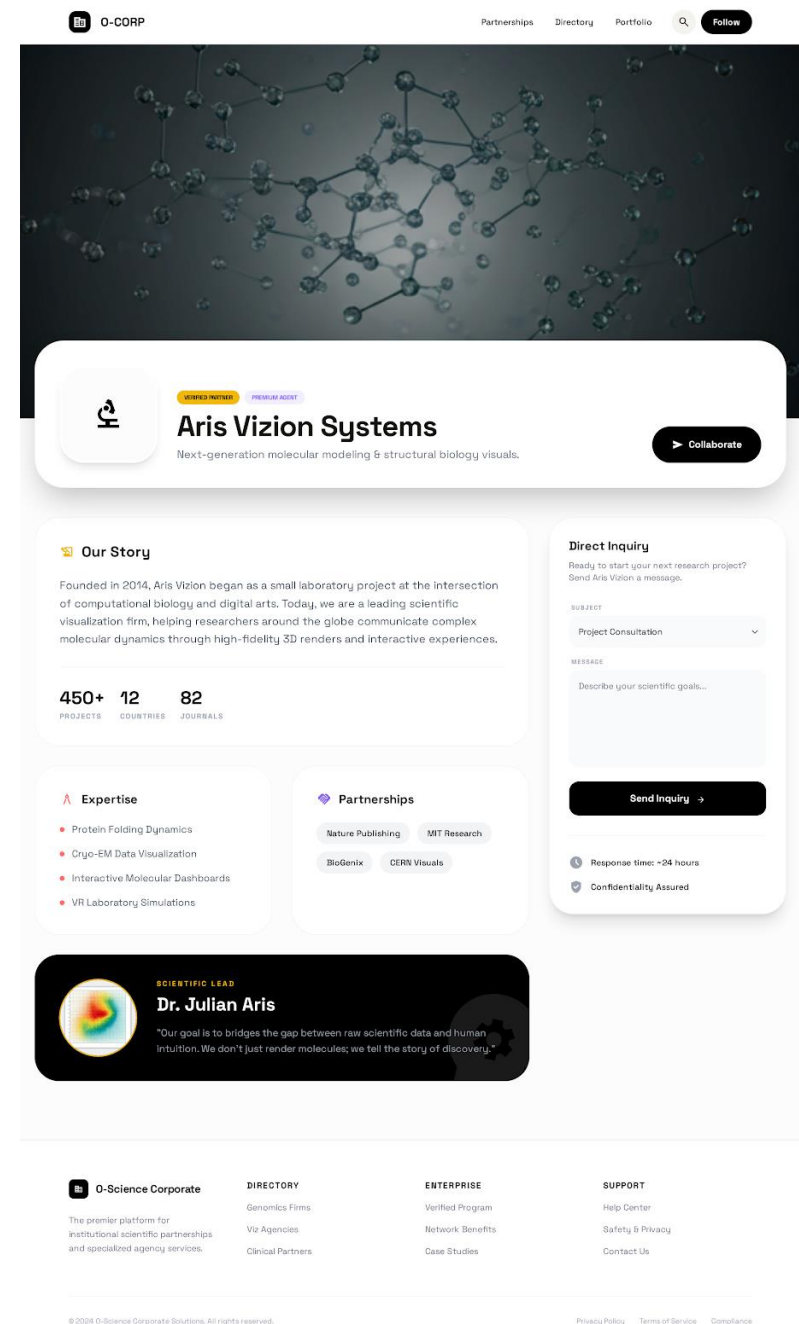

Make sure the colour pallet is same every where as landing page

I don't like earthy or brown shades, as it make the senses dull

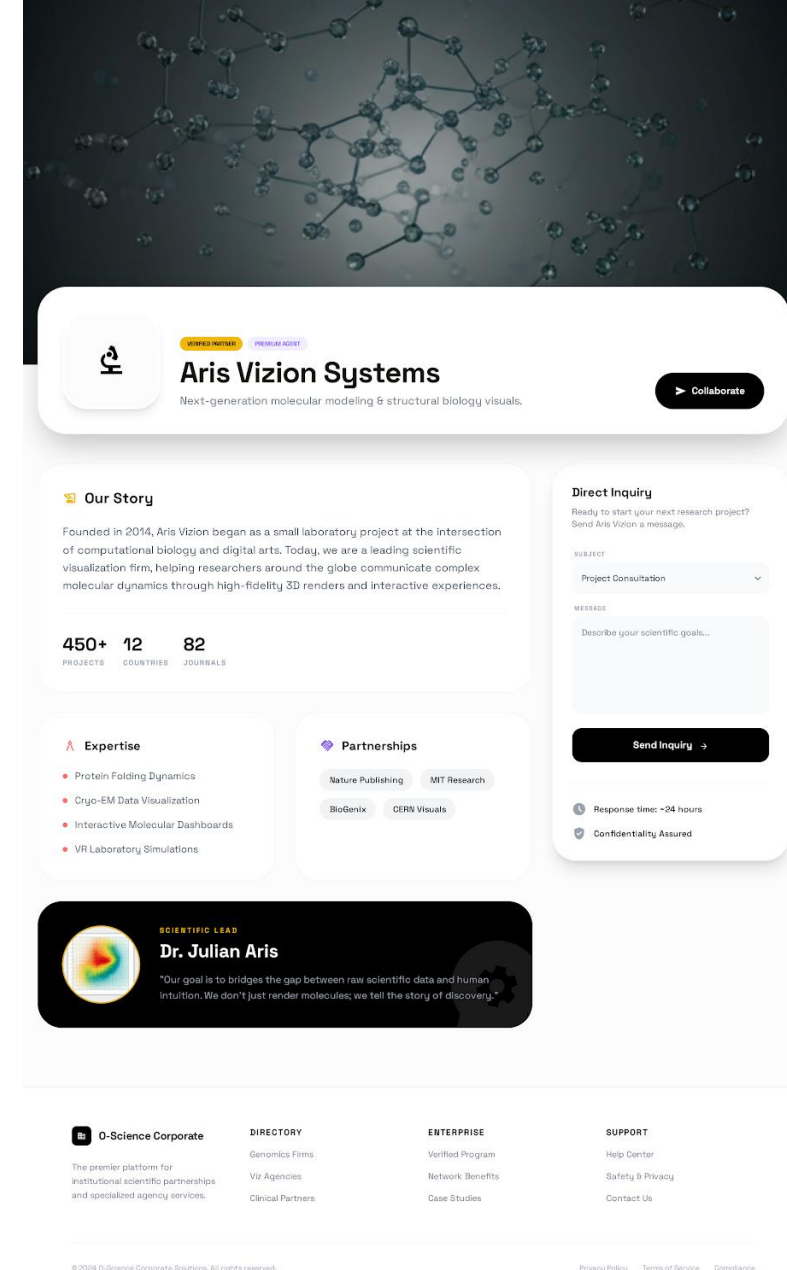

Start-up card Inside

- This will be similar to gig card inside.
- However few additional changes are needed
- A card on left showing Founders name, team size, location, link and sector
- Product card inside should be placed below “*our story*”
- *Take Caremother-dotohealth for example for informations*
- *In Product section(repository) as made (very nicely), we need care mother to be highlighted on the top*

Patent card Inside

- Again similar to gig card
- List of information
 - Patent no. (top card)
 - Title (top card)
 - Patentee (top card)
 - Institution/company (New left card)
 - Patent duration (New left card)
 - Patent Jurisdiction (New left card)
 - Abstract (Our story)
 - USP (In place of Expertise)
 - What Kind of collaboration looking for (On top right in place of collaborate)
 - Tech Transfer
 - Joint Venture
 - Licensing
